MORE STRICTURES PLACED ON POOLROOM INFORMATION.

Rumors of Warrants for Bookmakers Stir Up the Track Omelals, but They Prove False-Ram's Horn Sought by Would-Be Purchasers-Killing With Ava.

Learning that the poolrooms received formation on the races more promptly han usual on Friday, the Pinkertons re-oubled their efforts to shut off the necessary details at Aqueduct yesterday. Hitherto race had been hung up thirty minutes be-core post time, but this arrangement was done ny with and the posting of details did not take place until twenty minutes before the scheduled time of each event. Then the can entrance to the track was closed all ifternoon, so that persons who desired leave for the purpose of reaching tele-nes near by were compelled to go to a ittle gate behind the paddock, about an ighth of a mile from the betting ring. And going toward this outlet was perbehind and under the grand stand and stopped all who were in a hurry to get out. Furthermore, two men, said to be cere held up because of an attempt to pass formation to the outside, the Pinkertons ordiscating their badges and ejecting them rom the track. This vigilance re-a report from detectives planted in certain big rooms in the city that no business was transacted because of the delay.

The whole plan was arranged on a time

heduled. Counting ten minutes delay posting the starters after each race, ten ites more consumed in reaching t le-nes and at least five minutes in sen ing necess ry details over the wires, it was hat the rooms had about five minutes fore each race in whale to transact busiom k e ers were willing to take if the rooms can get information lly under this new handicap the rack authorities will delay matters even as the cockey Club is determine to the room at any cost. It is only a inconvenience to speculators to wait at t e track for data, but a serious obstacle to the successful conduct of the rooms. Before the first race vesterday there was a

varrants for either bookmakers or clubhouse nissioners had been issued at Long Island and would be served in the afteroon. At first it was believed that this was be result of the threatened raid on the betting ring at the instance of certain leading poolroom men, but THE SUN reporter was reliably informed that the poolroom men, in-cluding Peter De Lacy and Robert Davis, had concluded to let the matter rest for a while and that if such warrants had been saued they had been asked for by other persons antagonistic to the Jockey Club. In fact, a well known politician who is familiar with the ook place it would be simply what is known as a "shakedown." Robert Pinkerton had the tip and he held several long conferences with the turf authorities with the result that preparations were made to offset any agrests. But though Pinkerton was on the watch for warrants all the afternoon, they did not show up, and the whole affair was finally pronounced a false alarm. The clubhouse at Sheepshead Bay on

Suburban Day seldom held a more representative crowd of turfmen than that which turned out yesterday. John W. Gates, Charley Gates, John A. Drake, A. B. Hudson and Al Dryer, always together, came to the track early. Then August Belmont arrived to see his two-year-olds Curriculum and Okenite carry off the honors in the Canarsie Stakes. W. S. Williams was supremely confident that Ram's Horn would win the Queen's County Handicap. He (old his friends that the Bute horse was in superb condition and the tip became universal. Alex Shields soratched drmonde's Right in order to bet on Williams's horse and when the books quoted 3 to 1, there was a frantic rush to get aboard. The whole clubbouse took Ram's Horn as if it was like picking up wold in the streets. The show of money in the ring caused the crowd at large o turn away from the other things in the race and back Ram's Horn off the boards. He went down to 6 to 5 in many books and the ring lost a fortune. No sooner than the received several offers for him, one made by Bub May in behalf of Paul Rainey. But received several offers for him, one made by Bub May in behalf of Paul Rainey. But the New Orleans horseman said he would not sell at any price as he expected to win some big stakes with the Bute horse this year. The way Ram's Horn performed, by the way, convinced meny turf sharps that on a dry track he will be a dangerous factor in the Brocklyn or Suburban Handicaps in which he must carry a comparatively light burden. He is a well built, racy looking animal, and he received a royal greeting when he trotted back to the scales. This race was first run in 1902, the winners being Margravate, Yellow Tail, Rosetint and St. Valentine. The record for the event is 133 1-5, which could have been beaten, undoubtedly, if Ram's Horn had been extended.

Willie Shields cleaned up neatly on Varieties, the winner of the first race. Horsemen who participated in winter racing did not let this good thing get away from them and at the last moment the books were choked with bets all three ways. The big plungers in the state of great importance to the offence.

at the last moment the books were choked with bets all three ways. The big plungers did not do much on this event, but they put it all over the ring when Copper took the steeplechase. Copper, incidentally, showed form that may make him worthy of support in future jumping events. He fenced beautifully and won in majestic style.

Again the big speculators made the books wince when the Belmont pair ran first and se ond in the Canarsle Stakes. The club house agents were all over the ring with solid emmissions which were placed at 9 to 10 and 4 to 5. The Canarsie was inaugurated in 1838, the previous winners being Caout-choue, Modrine, Kenilworth, Golden Cottage, sonhurst, Palmbearer, Augur and Oak-

A striking illustration of how the wise men sometimes err occurred in the fifth event. On last year's form Sue Smith, a stake filly, looked much the best. She opened at 6 to 5; but even with Radtke up, the smart men let her pass, presumably because Trainer Bob Tucker, a plunger, did not bet with his usual confidence. Watergrass, on the other hand, was the real attraction for the wise money and the filly Sue Smith soared in the prices to as much as 4 to 1. It was a question of how much won while the favorite was last nearly all the way, little Horner doing everything but

A genuine killing went through success fully in the last race. While the public was gobbling up 7 to 5 against Waterbearer, the favorite, the clubhouse players were setting it in on Ava. The commissioners received wagers from Andrew Miller. Charley Gates, Jesse Lewisolm, E. R. Thomas and others, the odds dropping from 10 to 1 to 6. Others had to 1/2 and hurried to the ring at the last moment to get aboard. Ava came home in royal fashion and the books lost thousands. It was a bad start that enabled the coup to so through, but that is part of the racing

CONTROL FOOTBALL OFFICIALS. Sub-Committee of Rules Makers Outlines Plans for Next Season.

A statement was issued yesterday by Prof. James A. Babbitt of the sub-committee to control officials of the American intercollegiate football rules committee giving de-tails of the plans of the committee. There will be four bodies of men appointed to select proper men from four sections, from the New England, Middle, Atlantic and Middle Western States, and from Ohio and West Virginia.

England, Middle, Atlantic and Middle Western States, and from Ohio and West Virginia. The committee will meet on May 4 at the Murray Hill Hotel to talk over plans again. Announcement of the list of officials will be made at a later meeting. Dr. Babbitt's statement is:

1. This committee has been appointed by the American intercollegiate footheil rules committee to act in securing a proper and sportsmanlike interpretation of the new footbail rules.

2. This committee does not wish to impose its views upon any college or footbail association, nor does it desire to assume the appointment of officials in any case; but it stands ready to render any assistance in its power to those who desire its aid in the selection of officials.

3. While this committee has not yet definitely formulated its whole plan of action, it has been deemed wise at the present time merely to divide the country into geographical groups, and, while not intending to disturb already established relations or fixed arrangements, to appoint in each of these groups, when feasible, local committees where competent men can be found to assist the central committee in its work. Further, it is proposed to encourage at once the appointment of four such representative committees. Core in the New England States, a second in the Middle Atlantic States, including New York, New Jersey, Pennaylvania, Delaware and Maryland; a third in Ohio and West Virginia, and a fourth, to Include the Middle Western States. If other sections of the country in the South and West desire to adopt the same plan-the central committee stands ready to assist.

the same plan-the central committee stands ready to assist.

4. At a later date announcement will be made of the members of the local committees and lists of official with proper addresses will be prepared by the central committee, assisted by the local committees, and placed in the lands of such football managers as desire them.

5. The committee indis it impossible, owing to varying conditions to make any suggestions or assume any responsibility as to the amount of compensation to be paligripr services rendered by officials.

6. This committee earnestly bespeaks the cooperation of all colleges in the attempt to secure a proper and efficient enforcement of the rules.

FOOTBALL RULES TESTED.

Spring Practice at West Point Indicates an

Open Game Under New Conditions. WEST POINT, N. Y., April 21 .- West Point day. The new rules have been thoroughly tested under the direction of Coach Lieut. C. D. Daly. As a result of the practice the West Point coaches feel that the new rules impose very severe conditions on the attacks. To gain ten yards in three downs by line rushing will be very difficult. This rule is a severe handicap on the offence, and in conjunction with the requirement that the five centre men shall be kept on the line, makes consistent gains almost impossible where the teams are at all evenly matched.

The neutral zone has also been found a handicap to the offence. The attack is supposedly assisted by the provisions for a forward pass and the on side kick. It is probable that the on side kick will force one man back from the secondary line of defence. An accurate kicker with fast ends and forwards may make this of great importance to the offence.

RUNS FAST MILE IN QUEENS COUNTY HANDICAP.

August Belmont's Curriculum and Okenite First and Second, Respectively, in Canarsie Stakes-Copper's Steeplechase-20,000 at the Aqueduct Track.

Probably the largest crowd that ever passed through the gates of the Aqueduct track saw the races yesterday afternoon. There were close to 20,000 persons in the stands and on the lawn, and enthusiasm ran high. The feature was the Queens County Handicap, for three-year-olds and upward, at a mile, which was won in handsome style by W. S. Williams's Ram's Horn, a star winner at New Orleans last winter. Ram's Horn picked up 118 pounds and was a strong favorite, as he was played from 5 to 2 down favorite, receded to 5 to 2 as a result. Bohemia and Race King were also supported generously, while Grenade was passed up together with Batts, the extreme outsider, at 50 to 1. Ram's Horn, with Perrine up, conceded lumps of weight to the others, yet he was never in trouble. With the raising of the barrier Red Knight and Batts went out in front at a killing pace, with Perrine holding Ram's Hern in check until he rounded into the stretch Then Red Knight exploded, while Batts kept on gamely. It was a simple matter, how-ever, for Ram's Horn to take the leadership when Perrinedec lined to do so, and in a breezing gallop the Crescent City champion passed the judges with two lengths to spare in the fast time of 1:39 2-5. Batts lasted long enough to keep the place from the rapidly gaining

to keep the place from the rapidly gaining Race King by a head, with Grenade two lengths out of the money, and both Bohemia and Red Knight badiy beaten.

August beimont's Curriculum and Okenite ran first and second, respectively, in the Canarsie Stakes, for two-year-olds, four fur-longs. They were backed down to 4 to 5 and held the others safe at all stages. Endike rode Curriculum out to the last cunce, and beat Okenite by, half a length, the latter also being under a sharp drive. Soily M., 20 to 1, fan third, three lengths away, with Merrill, in the Bennington silks, two lengths back. Bemay, who went up from 8 to 5 to 5 to 2, appeared to be outclassed. The time was 0.48 2-5.

With Rep Crockett scratched Pleare Long.

With Ben Crockett scratched, Pierre Lorillard's Copper was a hot favorite for the steeplechase, at even money. He ran a superb race, too, making all of his own pace and romping home the easiest kin d of a winner by half a dozen lengts. Miss Hobhouse, second choice, had a strong grip on the place, which she took from Divider, 40 to 1. Kassil, who closed on equal terms with Miss Hobhouse at 18 to 5, fell at the jump opposite the betting ring, but was remounted. The time was 4:21.

who closed on equal terms with aliss Hobhouse at 13 to 5, fell at the jump opposite the
betting ring, but was remounted. The time
was 4121.

James Curl, the Texas turfman, put a good
thing over the plate in the first race, at seven
furlows; in Varieties, 8 to 1. Perrine handled
the Masetto gelding in skilful style and
won in a drive by half a length in 1:28. The
Cure, 7 to 2 second choice, landed place money
by two lengths from Bob Smith's Telephone,
a 50 to 1 shot. Radtke was unable to get any
gpeed out of the favorite, P. J. Dwyer's Jennie
McCabe, who was always in the ruck.

The wise men were all wrong when they
neglected W. H. Brown's Sue Smith in the
handleap for mares at six furiongs, and made
A. J. Joyner's Watergrass a 7 to 5 favorite.
Sue Smith opened the choice at 6 to 5, but went
up in the odds to 3 to 1, nobody of any supposed shrewdness betting on her chances,
But Radtke made all the running with her and
also drove her out to the wire, where she took
the race by a length and a half in 1:14 2-5. L.
R. Worth's Idle Dream, lowered from 4 to 1 to
threes, closed with resolute courage and
nailed the place from Plamond Flush, 3 to 1,
by half a length. Watergrass dropped out
of it as soon as the field was sent away and,
though Horner used his whip incessantly,
she could not extend herself at all, and was
an ignomishous last.

The start in the last race, for maiden threeyear-olds, six furiongs, cut an important
figure in the result. When Cassidy pressed
the button R. W. Nelson's Ava, a rood thing,
backed from 10 down to 6, was off running,
while the others, including Bennington's
waterbearer, were all tangled up. Miller
took no chances with Ava, but hustled her
along right up to the wire, where she had
three lengths over Waterbearer. With an
even break the latter might have won, but as
it was Waterbearer bent Reaim, 40 to 1, three
lengths for the place. James R. Keene's
Carols, et o 1, was a rose out of the money.
The time was 1:16. Three favorites woo, yet
the ring suffered. The waster was perfect

WEST SIDE CHRISTIANS WIN. Relay Team Goes Fast From Scratch in

Y. M. C. A. Athletle Meet. The annual athletic and gymnastic meeting for Young Men's Christian Association athletes in this locality was held last night in the Eighth Regiment armory. The armory was packed to the doors with rootegs for all the branches represented and with soldiers from the forts around the harbor which had teams in a special relay race. There was a very long programme of events, which was well managed and run off creditably.

The best competition and the most interesting to the crowd was the handicap relay race for senior teams. The team of the West Side Branch, starting from scratch, won the event in time that was considered fast for the twelve lap track. It was returned as 3 minutes 45 1-5 seconds. The winning team

minutes 45 1-5 seconds. The winning team was made up of the Cossenas brothers, who formerly ran for the City College A. T.; Bailey and J. A. Cox.

R. L. Sanford of the Brooklyn Central Y. M. C. A., formerly the A. A. U, indoor half mile chanpion, won the mile handicap from the post of nonor with consummate ease in 4 minutes 49 3-5 seconds.

The relay race between the soldier teams was amusing. The regulars were not much for style, but they plugged around everlastingly. The team from Fort Wadsworth had no trouble to win from the quartet of Governors Island. Bergt. Talber, who ran the final relay for the defeated team, would have been able to do something had he not started so far behind his man. He ran in the best form displayed among the soldiers.

The symmastic competitions were, as usual, a big feature. The work was divided up among the juniors and intermediates of the Harlem Branch and the open senior competitions.

Joshua Crane After English Court Tennis Honors.

BOSTON, April 21.-When Jay Gould sailed for England to enter the tournament for for England to enter the tournament for the court tennis chainplouship of Great Britain. Joshua Crane of this city quickly packed his trunk and departed on the same mission, taking the next outgoing steamer. So these two American star players will in all probability meet during the tournament to bathle for the honor of meeting the English champion, Eustace H. Miles, who does not have to play through the tournament, as is the case in this country, but has to meet the winner of the tournament in defending his title. Crane played last year in the English tournament.

MATCH FINALS AT LAKEWOOD

FOUR CUP COMPETITIONS AND AN OPEN HANDICAP.

Public Links Reopened at Van Cortlandt Park and Many Gelfers Turned Out -Handloaps and Club Contests on Several of the Metropolitan Courses.

vesterday, but the winter's signal for skating meant this time that the public links had been reopened. Besides the regular eighteen hole course, the short course on the parade ground was kept in use. The inexperienced golfers and raw beginners stuck to the short course, so that the playing on the long course was much more enjoyable than usual. The conditions revealed again the need of a short course for beginners, and, as the average of play on the public links is now very fair, with this concession granted the golf at Van Cort-landt Park would be safer and more en-joyable to the visitors not of the novice class. The course had been closed since March 1, and the putting greens under straw all winter, so there was a great rush to play the round to open the season. About 150 men and thirty women used the long course, while forty or fifty played on the palade ground. Bernard Nicholls, the professional golfer, was a visitor and played the round with a friend. The New York Golf Club held its opening scratch contest, on which ratings will be made for the first handicap next week.

In the first cup final White began badly, slicing his second for the the first hole, and aft r overplaying the fourth he picked up. White got a half on the third green by laying Mitchell a stymle, but lost the seventh hole by failing to negotiate one with the mas ie. Mitchell drove wildly towar: the finish, but White's driving when he settled down was his best feature. He lost both the thirteenth and fourteeath by poor putting. They did not play the home hole, White going out in 48, and doing the next tight in 35, while Mitchell had 45 and 89. The summary:

ASSOCIATION FOOTBALL. Camerons Defeat Staten Islanders in Final After a spirited contest, not without some

rough features, and wherein every point was bitterly contested, the cup tie series of the A bustling eighteen hole open handicap for gross and net cups and the four match play final rounds made up the card to windup the successful tournament of the Country Club of Lakewood yesterday. There was a great throng at the links, society following the White and Mitchell match in strength and forming an appreciative gallery. Mitchell has the slashing style that is typical of the rising school of Western golfers and made a fine impression. He lost in the first round of the last amateur championship to Fred Herr reshoff, who had a great scoring streak. Mitchell is well known at the Western tournaments. He is at Williams College. White was not as steady as usual, but he atoned for some of the maisplays by great recoveries, a trait fer which
